Dwankhozi Hope (DH) is an established 501(c)3 whose mission is to empower a community school in rural Zambia to educate their children and improve the health and wellness of their community. There are approximately 600 students at Dwankhozi Community School (DCS) who are all too familiar with extreme poverty and carry an enormous disease burden with illnesses such as malaria. Our goal this year is to provide malaria bed nets and education around the disease. DH is committed to providing ongoing support to DCS until it achieves sustainable independence. So much work toward our goals has already been completed, and so much more lies ahead.

Sunday, September 16th, 2012
